Township Board of Supervisors  
West Caln Township - Chester County  
Coatesville, Pennsylvania

Attention: Mr. Edward Hocker

Dear Mr. Hocker:

In response to a request of Mr. Flaherty of Chemical Leaman Tank Lines, we are writing in regard to the Leaman tankers which have been recently observed at the William Dick Lagoons site.

This is to advise you that Chemical Leaman is not depositing additional waste materials in the lagoon. The tankers you observed have been delivering aluminum sulphate which is being used to treat the impounded wastes prior to disposal under a plan approved by the Department.

If additional information is required, do not hesitate to contact our regional office in Norristown.

Very truly yours,

Donald A. Lazarchik, Director  
Division of Industrial Wastes
